RE: Group Policy GMG-1799

Dear Don:

With respect to your letter of July 12, 1961 relative to the Special Statistical Report, I talked with Mr. Kator, Civil Service Commission. He said that the reports that we had been giving him showing the \$1.00 amounts are satisfactory. Therefore, you will not have to prepare for our group the report referred to in your letter.

Very truly yours,

President

Group Policy GMG-1799

Enclosed is a format of a special statistical report required by the Commission. This report is to be prepared for the policy year ending October 31, 1961.

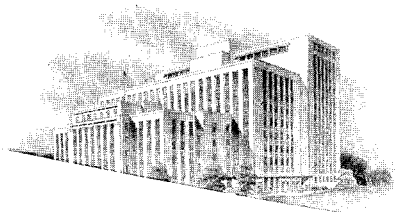

I would appreciate your reviewing these requirements, John, and letting us know if it will be necessary for this report to be prepared on the above case. As there is a considerable amount of detail involved in completing this report, we will have to repunch statistical cards for your plan in order to complete the report. Before going to this extent, we wanted to check with you to make sure that the filing would be made with the Commission prior to incurring the expense.

Best personal regards.

Yours sincerely,

*D. C. Whitney*
